## Zakker – Middenmeer

Employment at least 26 weeks

### Description

To ensure that we can harvest many tomatoes, the plants are neatly hung next to each other in the greenhouse. It is important that all plants hang next to each other at the same height and equally far from each other. Because all plants receive the same amount of light, they can grow optimally.

Instruction video: <https://youtu.be/-HjFgVOqgh0>

You are also willing to carry out other horticultural activities if necessary.
